ABOUT ME

Mern stack developer based in Calicut, Kerala with a passion for web development and programming. Eager to apply my skills in practical environment and contribute to innovative projects while continuously improving through real world projects, loves problem solving and cares about writing readable as well as maintainable code.

Professional Experience

MERN FULL STACK INTERN, *Techolas Technologies*

04/2025 – Present

Calicut

- Built responsive and user-friendly interfaces using react.js and modern javascript (es6+).
- Converted UI/UX designs into functional web pages using html5, css3, bootstrap, and react.
- Implemented state management with react hooks and props for dynamic data handling.
- Currently learning backend development with Node.js, Express, and MongoDB.
- Exploring API integration, database management, and authentication to build full-stack applications.

Education

Bachelor of Commerce, *University of Calicut*

2022 – 03/2025

Calicut

Certificates

- Python and AI Training
Program – UpCode Software
Labs, 2025

Projects

SneakerHub - E commerce website, *Built a responsive sneaker e-commerce site using React and React Bootstrap with hooks (useState, useEffect, useContext) for state management and dynamic product features.* [🔗](#)

Personal Portfolio, *Developed a responsive portfolio website using HTML5, CSS3, and JavaScript* [🔗](#)

Dubai Trip Assistant AI App, *Built an AI-powered travel assistant for Dubai tourism using Python, Streamlit, and OpenAI GPT API. Implemented a chat-based user interface to provide recommendations on locations, hotels, food, and events.*

Zomato UI, *Designed a Zomato-inspired home page using React.js, HTML5, and CSS3*
